
Airport Security Tips to Minimize Fuss

- Smile and be patient
- Check your bags
- Know and follow the airline and TSA rules about luggage, size, weight, and contents
- Be reasonable with carry-on items
- Be prepared for inspection - of your self and your personal items
- Keep your laptop easily accessible
- Keep your photo ID and boarding pass easily accessible
- Think about metal objects on or in your body before the walk-through scan
- Step aside to redress and repack
